THE MINISTER OF COMMUNICATIONS (SHRI RAM VILAS PASWAN): (a) to (c) Basot Telephone Exchange has equipped capacity of 152 lines and 53 working connections. The villages Tarari, Dungri, Darmoli, Bamora and Maidari are beyond local area of Basot Telephone Exchange and scattered. These villages are planned to be covered on land lines by March' 2002. However, at present there is not registered demand from these villages for provision of telephone connections.

There is no plan to increase the capacity of this exchange as sufficient spare capacity is already available to meet the present demand. Basot Telephone Exchange is parented o Bhatronjkhan exchange which is working on reliable MCPC (Multi Channel Per Carrier) media. However, this media is proposed to be replaced by Optical Fibre Cable (OFC) media during 2002-2003.
